THE DOUBLE CROSS

Weather Gloom and Defeat Was the Dose That Mayville Got Yesterday

Walsh Failed To Fly and Paris Took Ball Game, 5 To 0

Yesterday afternoon the elements and the Paris team handed Mayville a double dose of disappointment and defeat.

Walsh, the aviator, who was billed to pull off his aeroplane exhibition stunts Saturday, and which event was postponed till Sunday, owing to bad weather, announced by posters that he would fly, "rain or shine," but he flatly refused to make any attempt to exhibit himself and his machine yesterday afternoon, alleging that "the perk was too small." As the park hadn't shrunk any since Saturday the several hundred people who paid the admission, mainly to see the aeroplane perform, would like to know the whyness of the wh refusal.

However, it was too windy to make the attempt.

The Mayville Amusement Company, which featured the aeroplane exhibit, is not to be censured, as it did all in his power to pull off the event, and it is out over \$100 by the fluke.

While the park held only a few hundred who paid to see the proposed flight, there were at least 4,000 deathheads lining the streets and other points of vantage, and who expected to see every darn bit of the show at somebody else's expense. This is the same old human nature instinct of the boy peeping through the knot hole taking in the game free.

As to the ball game, Paris simply shut out Mayville 5 to 0, while the crowd shook from the cold, chilly, waterish blasts of 50 degree weather.

DEATHS

BIRTH MAY WILLIAMS.

Mrs. Edith May Williams, wife of Mr. Clark A. Williams, died yesterday morning at 5:23 o'clock at the family home in West Second street after a year's illness with tuberculosis, aged 22 years.

She was a consistent member of the Episcopal Church, and throughout her long illness was borne up with a sublime faith of a redemption after death and a home eternal in heaven, a dwelling place with God and of the blessed.

Besides her bereaved husband, she leaves her parents, two sisters and one brother to mourn her early demise.

The funeral will take place tomorrow afternoon at 2 o'clock from the Church of the Nativity, with services by the Rev. J. H. Fielding, Rector.

Interment in Mayville Cemetery.

FOR PRESIDENT,
WILLIAM HOWARD TAFT.

"I will vote if alive and well for the Republican nominee, whoever he may be. My first vote was in 1844 and I have voted for every Republican nominee since that time. Am in my ninety-first year and will not go back on the nominee at this late date."

So writes Mr. J. W. Hughes in recording his vote in the Commercial Tribune's presidential poll. No matter what differences of opinion may exist among Republicans as to the newer program of the party, no matter what differences may exist as to the personalities of the candidates, the great fundamental truths of the party still remain to be guarded and to be fought for.

Mr. Hughes knows the rock upon which the Republican house has been built. He has seen the party fight for the very life of the nation itself; he has seen it battle to maintain the nation's financial honor; he has seen it gird on its armor to carry the message of liberty into foreign lands; he has seen the country grow from a little nation to a world power through the protective tariff principle. Why because of any little differences as to new policies and as to the men to carry them out should any Republican sacrifice these essentials?

True, we are, like Mr. Hughes, proud of the Republican party—proud not in the sense of vainglory, but because that past is the best guarantee of the future. The Republican party was right in its nationalism; the Republican party was right in declaring for the financial integrity; the Republican party was right in its policy toward our insular possessions; the Republican party was right in adhering to the protective tariff principle. In every crisis for fifty years it has been right and that fact stamps its fitness to deal with the questions of to-day.

Has the Democratic party ever been right? Was it right in the civil war? Was it right in the days of greenbackism and 16 to 1? Was it right in its "little Americanism"? Was it right in its free trade? Not only was it not right, but it has never recanted. We don't blame it from turning from its past and seeking to becloud its follies with newer issues. Its past proves incompetency to govern and nobody knows it so well as the members of the Democratic party.

The newer issues, we believe, the Republican party will take care of safely and sanely; the war of personalities will not go on forever. But whether in the settlement of these newer issues his view is taken, whether his candidate is chosen, no Republican worthy of the name has cause to turn the Republican temple over to the Democratic wreckers.

The Republican edifice of nationalism, of liberty, of honor and integrity, and of protection still remains, no matter what additions we may make to it; and it will be occupied by a Republican believing in these vital things, no matter who may be chosen at Chicago. It still remains the party of Lincoln, of Grant, of Hayes, of Garfield, of Harrison, of McKinley, no matter who may be chosen to lead it in the future.

It has been the national hope for half a

century; it is the nation's hope today. The Republican essentials cannot be abandoned because newer issues press. They are not being abandoned, and no Republican will abandon them, despite the position taken on the newer issues.

Mr. Hughes gives voice to what is in the heart of every true Republican.—Commercial Tribune.

As long as Taft continues to bag the votes, its no odds what Roosevelt is doing.

The red lights in Chicago will continue to burn as all the 7,000 saloon licenses have been renewed.

Hold your nose, Benlah Binford of the H. Clay Beattie nastiness is coming to Kentucky, and of course, she'll go to Lexington first.

Taft says Teddy is hitting him below the belt. Teddy don't say where Bill is hitting him, but everybody knows—right sock in the teeth.

Maysville saloonkeepers must remove the blinds and permit a full view of the interior of their places. Best thing in the world for curing husbands that sit up with sick friends.—Paducah Sun.

An act creating a Child Welfare Bureau was recently placed on our national statute-books. This legislation had been earnestly and continuously advocated for several

The Federal Children's Bureau.

years by progressive men and women, and during its pendency in Congress no reasonable argument was ever advanced against it. Certain conservative statesmen were shocked that "children were to be treated like pigs," but they were silenced by the retort of the more enlightened that, as a matter of fact, pigs were being better treated by the federal government than children, since the government has for years gathered and disseminated information concerning the welfare of pigs, but the questions relating to the life, health and welfare of children it has left almost untouched.

The new bureau will be part of the Department of Commerce and Labor. Its duties and functions will be wholly educational. It will make investigations, collect information, classify, digest and publish it, and furnish it on application to state, municipal and other authorities, as well as to private bodies or persons. It will study laws and ordinances bearing on child-labor, education, play, discipline, juvenile courts and like institutions, and all measures or proposed measures designed to protect, reclaim or healthfully develop childhood. Such studies will in turn suggest and influence further legislation.

It was in the highest degree important to give this new and largely experimental bureau a good start, and President Taft has done this, rising fully to his opportunity and surprising many politicians by appointing as the director and chief of institution Miss Julia C. Lathrop of Chicago. She will be the first woman to direct a federal bureau. Her fitness for the position is quite exceptional; indeed according to The Journal of the American Medical Association, there are few whose qualifications for this position, both natural and acquired, could be fairly compared with those of Miss Lathrop.

HIS TROUBLE NOT OF HEART

Real Facts in Regard To F. R. Huffman's illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Theodore's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits."

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Theodore's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Why Women Are Not RICH.

Man is a million times more in the possession of blood cells. Woman
is not quite so rich, for scientists have proven that the normal man has five mil-
lion—the woman only four and a half million to a cubic millimetre of blood.

A decrease in number of red blood corpuscles and a person "looks pale"—in
fact, is anemic, the blood does not get the right food and probably the stomach is
disordered.

Dr. R. V. Pierce found years ago that a glyceric extract of golden seal and
Oregon grape roots, queen's root and bloodroot with black cherrybark, would help
the assimilation of the food in the stomach, correct liver bile and in Nature's own
way increase the red blood corpuscles. This medicine he
called Dr. Pierce's Golden Medical Discovery. By assim-
ilating the food eaten the system is nourished and the blood
takes on a rich red color. Nervousness is only "the cry
of the starved nerves for food," and when the nerves are
fed on rich red blood the person loses those irritable feel-
ings, sleeps well at night and is refreshed in the morning.

"I was attacked with a severe nervous disease, which was caused by
a disordered stomach and liver," writes Mr. J. D. Lively, of Wash-
burn, Tenn., Route 2, Box 38. "All my friends thought I would die and
the best physicians gave me up. I was advised to try Dr. Pierce's
Golden Medical Discovery, and derived much benefit from same. My
case had run so long, it had become so chronic that nothing would effect
a permanent cure, but Dr. Pierce's medicine has done much for me and
I highly recommend it. I heartily advise its use as a spring tonic, and
before advice giving people to take Dr. Pierce's medicine before their
diseases have run so long that there is no chance to be cured."

JOHNSTON'S
Dull Kote Paint

Is the Best Flat-Finish, Water-
Proof, Washable Paint in the World

Avoid the many substitutes for Johnston's Dull Kote, many of
which claim all the merit of the genuine, but none of which
combine the covering-power, richness, durability and sanitary
excellence of the original DULL KOTE.

Walls treated with Johnston's Dull Kote Paint may be
washed as freely as linoleum or tile, they look as delicate as satin.

Advice to Women

Don't kiss each other on the public high-
way. It's awful to see a woman doing a man's
work.

When a man's heart is lacerated, why not
spell it less-orated and be nearer the truth.

EXPERT FOR EACH COUNTY

Chicago Firm Gives Million to Help
Push Scientific Agriculture

The movement to put a county agriculturist
in all the counties of every state, to make
a study of local conditions and suggest plans of
scientific farm management for the purpose of
obtaining a larger yield of better grain re-
ceived impetus with the announcement
of a gift of \$1,000,000 from a Chicago firm to
further the plan.

The project is favored by the crop improve-
ment committee of the Council of Grain Ex-
changes, which includes mercantile bodies in
many of the principal cities of the United
States.

Epitomized, the project calls for the co-
operation of the commercial and educational
forces of each county, the appointment of a
county committee on crop improvement and
county developments and the appointment of
a trained agriculturist by the local committee
to act as a general advisor on agricultural
matters and organize farmers.

BUILDING FOOD

To Bring the Babies Around

When a little human machine (or a large
one) goes wrong, nothing is so important as
the selection of food to bring it around again.

"My little baby boy fifteen months old had
pneumonia, then came brain fever, and no
sooner had he got over these than he began to
eat teeth, and, being so weak, he was fre-
quently thrown into convulsions," says a Colo-
rado mother.

"I decided a change might help, so took him
to Kansas City for a visit. When we got
there he was so very weak when he would cry
he would sink away and seemed like he would
die."

"When I reached my sister's home she said
immediately that we must feed him Grape-
Nuts, and, although I had never used the food,
we got some and for a few days just gave him
the juice of Grape-Nuts and milk. He got
stronger so quickly we were soon feeding him
the Grape-Nuts itself, and in a wonderfully
short time he fattened right up and became
strong and well."

"That showed me something worth knowing,
and, when later on my little girl came, I raised
her on Grape-Nuts, and she is a strong, healthy
baby and has been. You will see from the
little photograph I send you what a strong,
chubby youngster the boy is now, but he didn't
look anything like that before we found this
nourishing food. Grape-Nuts nourished him
back to strength when he was so weak he
couldn't keep any other food on his stomach."
Name given by Postum Co., Battle Creek,
Mich.

All children can be built to a more sturdy
and healthy condition upon Grape-Nuts and
cream. The food contains the elements nature
demands, from which to make the soft gray
filling in the nerve centre and brain. A well
fed brain and strong, sturdy nerves absolutely
insure a healthy body.

Before
Allowing an
Operation

Please Read These Two Letters.

The following letter from Mrs. Orville Rock will prove how unwise
it is for women to submit to the dangers of a surgical operation when it
may be avoided by taking Lydia E. Pinkham's Vegetable Compound.
She was four weeks in the hospital and came home suffering
worse than before. Then after all that suffering Lydia E. Pink-
ham's Vegetable Compound restored her health.

HERE IS HER OWN STATEMENT.

Paw Paw, Mich.—"Two years ago I suffered
very severely with a displacement—I could not
be on my feet for a long time. My physician
treated me for several months without much re-
lief, and at last sent me to Ann Arbor for an
operation. I was there four weeks and came home
suffering worse than before. My mother advised
me to try Lydia E. Pinkham's Vegetable Com-
pound, and I did. To-day I am well and strong
and do all my own housework. I owe my health
to Lydia E. Pinkham's Vegetable Compound and
advise every woman who is afflicted with any
female complaint to try it."—Mrs. ORVILLE ROCK,
R. R. No. 5, Paw Paw, Mich.

"THERE NEVER WAS A WORSE CASE."

Rockport, Ind.—"There never was a worse case of women's ills
than mine, and I cannot begin to tell you what I suffered. For over
two years I was not able to do anything. I was in bed for a month
and the doctor said nothing but an operation would cure me. My
father suggested Lydia E. Pinkham's Vegetable Compound; so to
please him I took it, and I improved wonderfully, so I am able to
travel, ride horseback, take long rides and never feel any ill effects
from it. I can only ask other suffering women to give Lydia E. Pink-
ham's Vegetable Compound a trial before submitting to an operation."
—Mrs. MARGARET MERRITT, R. F. D. No. 3, Rockport, Ind.

We will pay a handsome reward to any person who will prove to us
that these letters are not genuine and truthful—or that either of these
women were paid in any way for their testimonials, or that the origi-
nal letter from each did not come to us entirely unsolicited.

For 30 years Lydia E. Pinkham's Vegetable
Compound has been the standard remedy for fe-
male ills. No one sick with woman's ailments
does justice to herself who will not try this fa-
mous medicine, made from roots and herbs, it
has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO.,
(CONFIDENTIAL) LYNN, MASS., for advice.
Your letter will be opened, read and answered

It's local testimony—it can be investigated.

Nathan Hafer, 316 W. Front street, Mays-
ville, Ky., says: "I know what Doan's Kidney
Pills will do, and do not hesitate to recommend
them. My kidneys were irregular in action
and painful. I had backache and found diffi-
culty in stooping or bending. When I was
advised to use Doan's Kidney Pills I did so.
They stopped the pain and regulated the
kidney action."
